ABOUT ME

Full stack developer who, among other things, is strong in e-commerce and building internal toolings. Ran my own company with focus on technical solutions for circular economy in consumer electronics. Have had longer stays outside Europe in my profession and feel safe in all types of dynamic, social and cultural environments. Have great internal drive but I prioritize the group over myself.

KNOW-HOW IN DEVELOPMENT & WEB

- TypeScript, React/Next.js
- Vue/Nuxt, SQL, API, GraphQL
- Git, Tailwind CSS, Postgres
- Ran an ecommerce by myself
- Built web servers with Linux, Apache, nginx, MySQL
